

# EAS SATELLITE

## Lifestyle, Metabolism and CVD risk

MAASTRICHT | May 25, 2019  
THE NETHERLANDS

May 21, 2019  
Registration deadline

Symposium chairs: Prof J. Plat and Prof A.L. Catapano

**Venue:** Hospital Maastricht UMC+  
P Debeyelaan 25 | 6229 HX Maastricht

**Saturday May 25<sup>th</sup>, 2019**

8h30-9h00: Registration & Welcome

9h00-10h45: TAG metabolism and CVD risk  
(Chairs: Sabine Baumgartner and Jan Borén)

**Jan Borén**  
*Göteborg University, Sweden*  
A focus on hepatic TAG metabolism

**Sander Kersten**  
*Wageningen University, the Netherlands*  
Regulation of TAG metabolism by Angiopoetin-like proteins

**Winfried März**  
*University of Heidelberg, Germany*  
Personalized cardiometabolic risk: does TAG fit in the picture?

Plenary discussion with all speakers

Pitches of abstracts (3 presentations)

10h45-11h30: Coffee break

11h30-13h15: Nutrition, metabolism and CVD risk  
(Chairs: Peter Joris and Gabriele Riccardi)

**Jogchum Plat**  
*Maastricht University, the Netherlands*  
Effects of plant sterols / stanols beyond LDL-lowering

**Gabriele Riccardi**  
*University of Naples Federico II, Italy*  
Nutrition, glucose metabolism and CVD risk

**Phil Calder**  
*University of Southampton, UK*  
Fatty acids and behavior of immune cells

Plenary discussion with all speakers

Pitches of abstracts (3 presentations)

13h15-14h15: Lunch break

14h15-16h00: Cholesterol metabolism and CVD risk  
(Chairs: Ronit Shiri-Sverdlov and Dieter Lütjohann)

**Anatol Kontush**  
*INSERM, France*  
HDL functionality: is there a role for lifestyle?

**Bert Groen**  
*Academic Medical Center Amsterdam, the Netherlands*  
TICE and cholesterol metabolism

**Dieter Lütjohann**  
*University of Bonn, Germany*  
Sterols and brain

Plenary discussion with all speakers

Pitches of abstracts (3 presentations)

16h00-17h00: Closing remarks & Drinks
